he may cancel the certificate.

he may amend the certificate and require the client to sign an agreement to pay to the Law Society the amount so ascertained.

(2) No certificate shall be amended under this section until a notice in writing in Form 23 has been served on the client and his solicitor fixing a place and time, not less than seven days from the mailing of the notice, at which the client may show cause why the certificate should not be amended.

(2) Where a new light duty motor vehicle or a new light duty motor vehicle engine is operated in Ontario, the hydrocarbon and carbon monoxide content of the exhaust emissions shall not exceed,

(a) 2.2 grams of hydrocarbons per vehicle mile; or

(b) 23 grams of carbon monoxide per vehicle mile.

(3) The requirements of subsection 2 apply to composite values calculated under subsection 7 from results obtained in tests of exhaust emissions from the operation of the new light duty motor vehicles and new light duty motor vehicle engines in accordance with the test procedures set out in paragraphs 4 and 5 of subsection 5.

(4) Where the composite value calculated under subsection 7 for a new light duty motor vehicle having a new light duty motor vehicle engine of a specified engine displacement does not exceed the amounts of hydrocarbons and carbon monoxide set out in subsection 2, every new light duty motor vehicle having a new light duty motor vehicle engine of the same specified engine displacement shall be deemed to comply with the requirements of subsection 2.

3. Where under paragraph 2 a manufacturer makes tests of new light duty motor vehicles having new light duty motor vehicle engines and installs a combination of engine and transmission system in more than one model of light duty motor vehicle, only one series of tests of exhaust emissions is required, but, where the combination of such engine and transmission system in any new light duty motor vehicle may increase the amount of hydrocarbons and carbon monoxide in the exhaust emissions, tests are required in respect of each light duty motor vehicle.

4. Each new light duty motor vehicle having a new light duty motor vehicle engine selected for testing under paragraph 1 for amounts of hydrocarbons and carbon monoxide in exhaust emissions shall be driven a distance of at least 4,000 miles with all emission control systems or devices installed and operating and tests shall then be made for the amounts of hydrocarbons and carbon monoxide in the exhaust emissions, each test being of the new light duty motor vehicle running on a dynamometer and the motor vehicle engine for each test being run from a cold start through seven identical testing cycles without stalling of the light duty motor vehicle engine and with each cycle lasting 137 seconds and consisting of a series of periods of acceleration, deceleration, steady speeds and idling.

5. The hydrocarbon and carbon monoxide content of the exhaust emissions referred to in paragraph 4 shall be measured for each period of the first four cycles and the last two cycles of the seven testing cycles and shall be recorded in respect of each new light duty motor vehicle engine so that a value, expressed as grams per vehicle mile, representative of the hydrocarbon and carbon monoxide content

2. The exhaust emission test results from each new light duty motor vehicle tested under paragraphs 4 and 5 of subsection 5 shall be multiplied by the appropriate factor determined in paragraph 1 of this subsection for hydrocarbons or carbon monoxide for the particular exhaust emission control system or device installed on or incorporated in the engine of that new light duty motor vehicle.
3. For each engine displacement, the results obtained in paragraph 2 for each new light duty motor vehicle in that engine displacement class shall be weighted in proportion to the projected sales of the new light duty motor vehicles represented by each test vehicle.
4. For each engine displacement, the weighted results obtained in paragraph 3 shall be averaged.
5. For each engine displacement, the exhaust emissions to be compared with the standard, referred to in subsection 2, shall be the averaged values for hydrocarbons and carbon monoxide obtained under paragraph 4.

to whom the notice is sent as shown on the records of the Division or the designated agent or, where no address is shown for him on the records of the Division or the designated agent, addressed to him at his post office address as shown in the records of the physician or practitioner who provided the insured health services.

(2) The Division is subrogated to any right of an insured person to recover all or part of the cost of health services insurance from any other person, including future costs, and the Division may bring action in the name of the insured person to enforce such rights.

(3) The release of any right respecting health services insurance payments to which an insured person is entitled and to which the Division is subrogated is not binding on the Division unless the Division consents to the release.

(4) An insured person who commences an action to recover for loss or damages arising out of the negligence or other wrongful act of a third party to which the injury or disability in respect of which health services insurance has been provided is related, shall include a claim on behalf of the Division for the cost of the health services insurance.

(6) Subject to subsection 8, where an insured person obtains a final judgment in an action in which he includes a claim on behalf of the Division, the Division shall bear the same proportion of the taxable costs otherwise payable by the insured person, whether on a party and party basis or on a solicitor and client basis, as the recovery made on behalf of the Division bears to the total recovery of the insured person in the action, or, where no recovery is made, as the assessed claim of the Division bears to the total damages of the insured person assessed by the court.

(7) Where a claim is settled, the Division shall bear the same proportion of the taxable costs otherwise payable by the insured person as is set out in subsection 6 in respect of a recovery made.

(8) The costs for which the Division may be liable to bear a portion under subsection 6 are the costs of bringing the action to the conclusion of the trial only and do not include the costs of any other proceeding without the written consent of the Division.

(9) If no action has been commenced by an insured person for the recovery of damages arising out of injury or disability within eleven months of the last act or omission that caused or contributed to the injury or disability, or before thirty days before the expiration of the limitation period for the action, whichever occurs first, the Division,

(a) after notice to the insured person, may commence an action in his name for the recovery of the cost of health services insurance; and

(b) may effect settlement of its claim without prejudice to the right of the insured person to commence an action to recover for his injuries or other damages.

(10) The insured person, at any time prior to the trial of an action commenced by the Division under subsection 9 may, subject to the rules of court, join

in such action any additional claims arising out of the same occurrence and thereafter the insured person shall have the conduct of the action as if he had commenced it under subsection 4.

(11) Where the insured person is an infant or under other disability or has died, the Division may commence an action in its own name for the recovery of the cost of health services insurance paid on his behalf and, in that event, shall forthwith give notice of the institution of such action to the parent or guardian of the infant, or to the committee or guardian of the person under disability, or to the personal representative, if any, of the deceased person, and subsections 9 and 10 apply *mutatis mutandis* to such action.

11229

The Ontario Highway Transport Board, pursuant to Section 16 of The Ontario Highway Transport Board Act, will rehear the review of Jeffery's Cartage Limited, as listed in "The Ontario Gazette" of April 13th, 1968, which Notice of Review reads as follows:

"The Honourable Minister of Transport, pursuant to subsection 4 of section 4 of The Public Commercial Vehicles Act, has referred Class 'C' public commercial vehicle operating licence No. 463 of Jeffery's Cartage Limited to the Ontario Highway Transport Board with the recommendation that the terms and conditions of the said licence be reviewed, and more particularly to establish the legality of the carrying of wine under the present terms of the licence, which permits the conveyance of fruit and vegetables excluding frozen fruit and vegetables to and from Niagara Peninsula.

The Ontario Highway Transport Board has fixed Tuesday, the 21st day of May, 1968, at 10 a.m. (E.D.S.T.) at its Chambers, 67 College Street, Toronto, Ontario, for that purpose.

The Board may amend or revoke the terms of its certificate".

The Board will rehear by means of argument by Counsel only, the review held on the 21st day of May, 1968, which led to the issuance of an Order, dated the 2nd day of July, 1969, which reads:

"Upon the Honourable the Minister of Transport pursuant to subsection 4 of section 4 of The Public Commercial Vehicles Act having referred to Class 'C' public commercial vehicle operating licence No. 463 in the name of Jeffery's Cartage Limited, of the City of St. Catharines, in the County of Lincoln, to the Ontario Highway Transport Board with the recommendation that the terms and conditions of the said licence be reviewed, and more specifically to establish the legality of the transportation of wine under the present terms of the said licence which authorized movement of fruit and vegetables excluding frozen fruit and vegetables to and from the Niagara Peninsula, and

Upon the same having come on this day for review in the presence of Henry William Jeffery, Jr., Esq., President of the said company, and, upon hearing the evidence adduced and what was alleged on its behalf, the Board is of the opinion that wine, fruit juices, vegetable juices and/or any other derivative of any fruit and/or vegetables were not authorized to be carried when the said authority was issued, therefore,

THE BOARD HEREBY REVOKES its certificate relative to Class 'D' privileges which reads as follows:

'Restricted to the conveyance of fruit and vegetables, excluding frozen fruit and vegetables, to and from the Niagara Peninsula';

and recommends that the following be substituted therefor:
